Location - Clayton St.

Owner - Ronnell West

Job - Heating

Gentlemen:-

Upon inspection of the above job on March 26, 1955 our inspector reports that no instruction card as to safe operation of the equipment had been posted near the assembly as required by law. It is important that this instruction card be permanently posted near the assembly before April 7, 1955.

The owner should understand that this instruction card is important, that he or his employees may know what to do especially at time of emergency, and that he is entitled to this instruction card as well as any other part of the equipment.

Very truly yours,

Karlo S. Smith  
Field Inspector

To the Health Director:

Application for building permit identified as above has been filed in this office; indicating that a septic tank installation is proposed, as a means of sewage disposal. Applicant represents that connection to a public sewer is not feasible. Copy to owner and contractor is attached.

Your approval as to the method of sewage disposal is requested before a building permit is issued, therefore will you complete and return the appended report as expeditiously as possible.
