AP - Lot 8 and Lot 10 Carter Street

Mr. Glendon C. Strout
76 Edgewood Avenue

Copy to L. C. Andrew
187 Brighton Ave.

Dear Mr. Strout:-

Building permits for construction of a dwelling and attached garage at each of the above named locations are issued herewith based on plans filed with applications for permits but subject to the condition that before notice is given for check of locations and forms for foundation walls prior to pouring of concrete the information requested below is to be furnished and confirmation is to be given that other details are to be cared for as outlined:-

1. What size header is to be used over picture window opening? *4x10 D.K.*
2. Girder is to be 6x10 full size hemlock as given in application for permit instead of 6x8 shown on plans. *O.K.*
3. The 4x6 sill of rear porch is to extend across end of platform as well as on side. *Porch out Garage out*
4. Piers supporting porch are to be no less than 8 inches square or 9 inches in diameter instead of 6 inches as indicated on plans. *O.K.*
5. Door from porch to garage is to be a solid core wood door at least 1 3/4 inches thick if any part of it is to be closer than 5 feet to wall of dwelling.
6. As discussed with Munson Strout the front walls of these dwellings are to be located no closer than 25 feet 6 inches from the street line because of the 30-inch overhang of eaves on front of building. *O.K.*

Very truly yours,

Albert J. Sears

NOTICE RELATING TO SEWAGE DISPOSAL

(date) July 9, 1957

X means copy sent to the parties
so marked

Job Data

Location Lot 8 Carter Street Description New dwelling and garage
Owner and Address Glendon Strout, 76 Edgewood Ave., Portland, Maine
Contractor and Address same
Architect or Engineer and Address _____

Application for a building permit for the above job indicates that no connection is possible to a public sewer. In such a case the Building Code directs that the proposed method of sewage disposal shall be approved by the Director of Health before the building permit may be issued.

It is necessary that the owner or his agent contact the Health Department, explain the proposed method of sewage disposal, and make arrangements for any tests the Director of Health deems essential as to the nature of the soil and other features--under the supervision of that department.

The 1957 revision of the Zoning Ordinance of the City sets up a formula for determining the minimum area of lot required for septic tank disposal systems, and one of the factors in that formula is the number of bedrooms in the building in question. If the correct number of bedrooms has not been stated on the plans or application for the building permit, it is important that you inform the Health Department of the correct number of bedrooms proposed, so that the formula may be worked.

Two copies to Health Director

Walter W. Donald
Inspector of Buildings

(This space for Health Department use)

No. of bedroom reported to Building Dept. 3

(a)--total lot width 55 feet (b)--maximum depth of building 34 feet

(Date) July 11, 1957

42
13
55

Inspector of Buildings:

The method of sewage disposal proposed for above job is ~~XXXXXX~~ approved.

Minimum area of lot required for septic tank disposal system as determined from use of formula stipulated by Section 18 of the Zoning Ordinance is 7900 sq. ft. based on the owner's stated intention to have 3 bedrooms.
Absorption trench 75x3 required.

Edward Colby
Director of Health
