CITY OF PORTLAND, MAINE
MEMORANDUM

TO: Warren Turner - Planning & Urban Development
FROM: William S. Boothby, Principal Engineer - Parks & Public Works
SUBJECT: Alice Street Right-of-Way

DATE: 3/30/84

As you know, it was decided some few years ago that Alice Street need not have a right-of-way width of more than fifty (50) feet.

You are also probably aware that the section of Alice Street in the Peters Subdivision has a right-of-way width of sixty (60) feet.

I have talked to George Falherly recently about this and he agrees that when we accept that portion of Alice Street, it will be as a fifty (50) foot street.

This will leave a ten foot strip between the street and land of Mr. Meehan.

At any rate, whether Mr. Meehan gets possession of this strip or not, his proposed garage location will not be in violation of the Code.

In the one case, if he owns it he will be 26 feet from the street line. On the chance that the strip remains in other ownership, he would simply abut another lot and would not be required to have the 20 foot side yard.

I would suggest that you could give him his permit without an appeal.

If you have any further questions, please call.

WSB/bjk

CITY OF PORTLAND, MAINE
MEMORANDUM

TO: William Boothby, Parks & Public Works
FROM: Warren J. Turner, Zoning Specialist
SUBJECT: Re: 131 Crestview Drive

DATE:
March 30, 1984

Mr. William Meehan of 131 Crestview Drive has applied for a permit to construct an addition on his garage. The side yard requirement on a side street is 20 feet. If Alice Street is to be only 50 ft. right-of-way instead of 60 feet, then Mr. Meehan stands to benefit from 5 ft. to be annexed to his property.

If this is a correct interpretation of what may transpire, please confirm it by a memorandum to this effect, so that Mr. Meehan will then not be obliged to seek a variance for space and bulk before the Board of Appeals before he constructs the addition which he contemplates.

PERMIT ISSUED
WITH REQUIREMENTS

1. This permit application doesn't preclude the Applicant(s) from meeting applicable State and Federal rules.
2. Building permits do not include plumbing, septic or electrical work.
3. Building permits are void if work is not started within six (6) months of the date of issuance. False information may invalidate a building permit and stop all work.

CERTIFICATION

I hereby certify that I am the owner of record of the named property, or that the proposed work is authorized by the owner of record and that I have been authorized by the owner to make this application as his authorized agent and I agree to conform to all applicable laws of this jurisdiction. In addition, if a permit for work described in the application issued, I certify that the code official's authorized representative shall have the authority to enter all areas covered by such permit at any reasonable hour to enforce the provisions of the code(s) applicable to such permit
