SEPTIC TANKS  
Request for approval of

Date January 4, 1955

Location - 662-666 Allen Avenue  
Owner -  
Contractor - Mr. Curtis  
Type Bldg - Dwelling

To the Health Director:

Application for building permit identified as above has been filed in this office; indicating that a septic tank installation is proposed, as a means of sewage disposal. Applicant represents that connection to a public sewer is not feasible. Copy to owner and contractor is attached.

Your approval as to the method of sewage disposal is requested before a building permit is issued, therefore will you complete and return the appended report as expeditiously as possible.

CITY OF PORTLAND, MAINE  
BOARD OF APPEALS

MISCELLANEOUS APPEAL

July 22, 1960

Keith H. Beale, owner of property at 662 Allen Avenue, under the provisions of Section 23 of the Zoning Ordinance of the City of Portland, hereby respectfully petitions the Board of Appeals to permit construction of addition 24 feet by 24 feet, half of width of which is to be a family room and open porch and the other half a single car garage, to be attached to right hand side of the dwelling at this location. This permit is presently not issuable for the following reasons: (1) There is to be only about 23 feet between the addition and the rear lot line instead of the minimum rear yard depth of 25 feet specified by Section 4-B-1 of the Ordinance applying to the R-3 Residence Zone in which the property is located. (2) The addition is to extend to within about 5 feet of the side lot line instead of the minimum side yard distance of 8 feet required by Section 4-B-2 of the Ordinance being maintained.

LEGAL BASIS OF APPEAL:

Such permit may be granted only if the Board of Appeals finds that enforcement of the terms of the Ordinance would result in undue hardship and desirable relief may be granted without substantially departing from the intent and purpose of the Ordinance.

*Keith H. Beale*  
APPELLANT

DECISION

After public hearing held July 28, 1960, the Board of Appeals finds that enforcement of the terms of the Ordinance would result in undue hardship and desirable relief may be granted without substantially departing from the intent and purpose of the Ordinance.

It is, therefore, determined that such permit should be issued.

*Harry M. Adams*  
*John J. Fanning*  
*Frederick B. Nelson*  
BOARD OF APPEALS

CITY OF PORTLAND, MAINE  
BOARD OF APPEALS

July 25, 1960

Mr. Norman Brydon  
17 Summit Street  
Portland, Maine

Dear Mr. Brydon:

The Board of Appeals will hold a public hearing in the Council Chamber at City Hall, Portland, Maine, on Thursday, July 28, 1960, at 4:00 p.m. to hear the appeal of Keith H. Beale requesting an exception to the Zoning Ordinance to permit construction of an addition 24 feet by 24 feet, half of width of which is to be a family room and open porch and the other half a single car garage, to be attached to right hand side of dwelling at 662 Allen Avenue.

This permit is presently not issuable for the following reasons: (1) There is to be only about 23 feet between the addition and the rear lot line instead of the minimum rear yard depth of 25 feet specified by section 4-B-1 of the Ordinance applying to the R-3 Residence Zone in which the property is located. (2) The addition is to extend to within about 5 feet of the side lot line instead of the minimum side yard distance of 8 feet required by Section 4-B-2 of the Ordinance being maintained.

All persons interested either for or against this appeal will be heard at the above time and place.

July 22, 1960

Mr. Keith H. Beale  
662 Allen Avenue

cc to: Corporation Counsel ✓  
cc to: Mr. George Curtis  
1912 Washington Avenue

Dear Mr. Beale:

C  
O  
P  
Y

Building permit for construction of addition 24 feet by 24 feet, half of width of which is to be a family room and open porch and the other half a single car garage, to be attached to the right hand side of your dwelling at the above named location is not issuable under the Zoning Ordinance for the following reasons:

1. There is to be only about 23 feet between the addition and the rear lot line instead of the minimum rear yard depth of 25 feet specified by Section 4-B-1 of the Ordinance applying to the R-3 Residence Zone in which the property is located.
2. The addition is to extend to within about 4 feet of the side lot line instead of the minimum side yard distance of 8 feet required by Section 4-B-2 of the Ordinance being maintained.

We understand that you would like to exercise your appeal rights concerning these discrepancies. Accordingly we are certifying the case to the Corporation Counsel, to whose office in Room 208, City Hall, you should go to file the appeal.

Very truly yours,

Albert J. Sears  
Inspector of Buildings

July 22, 1960

Mr. Keith H. Beale  
662 Allen Avenue

cc to: Corporation Counsel  
cc to: Mr. George Curtis  
1912 Washington Avenue

Dear Mr. Beale:

Building permit for construction of addition 24 feet by 24 feet, half of width of which is to be a family room and open porch and the other half a single car garage, to be attached to the right hand side of your dwelling at the above named location is not issuable under the Zoning Ordinance for the following reasons:

1. There is to be only about 23 feet between the addition and the rear lot line instead of the minimum rear yard depth of 25 feet specified by Section 4-B-1 of the Ordinance applying to the R-3 Residence Zone in which the property is located.
2. The addition is to extend to within about <sup>5</sup> 4 feet of the side lot line instead of the minimum side yard distance of 8 feet required by Section 4-B-2 of the Ordinance being maintained.

We understand that you would like to exercise your appeal rights concerning these discrepancies. Accordingly we are certifying the case to the Corporation Counsel, to whose office in Room 208, City Hall, you should go to file the appeal.

Very truly yours,

Albert J. Sears  
Inspector of Buildings

AJS:m

662-666 Allen Avenue

August 2, 1960

Mr. George Curtis  
1912 Washington Avenue

cc to: Keith Beale  
662 Allen Avenue

Dear Mr. Curtis:

Permit to construct a one story family room and garage  
subject to the following:

1. As this addition is attached to the house, the foundation will be required to be either 10 inch uniform concrete, battered from 10 inches to 8 inches or by using a 10 inch wide footing under the 8 inch uniform wall shown. The inspector will see that this condition is satisfied before issuance of form inspection approval.
2. A minimum of a 4x8 inch hemlock header will be required over window opening using stationary window # 5045.
3. The 2x6 inch ceiling joists in the family room and the 2x6 inch garage ties having spans of 18 and 24 feet will require supports to be hung from the roof framing at the ridge.

Very truly yours,

Gerald E. Mayberry  
Deputy Inspector of Bldgs.

**QUADSTAR®**

**5-Year  
Warranty**

**QUADSTAR™  
7.5' 10' ANTENNA**

**Winegard Quality—Lower Cost**  
Using our most advanced technology, we've combined excellent reception with durable construction to create the QuadStar 10' antenna. The petals are made of a high quality rolled expanded mesh, much smoother and flatter than regular expanded mesh. It provides more accurate surface tolerance and smaller openings for better reflectivity. Winegard means quality, and the QuadStar is the best low-cost antenna we've ever made.

  
MADE IN U.S.A.
