Ms. Deborah L. Flanagan  
35 Berry Avenue  
Portland, ME 04103

Dear Ms. Flanagan,

As you know, at its meeting of February 23, 1995, the Board of Appeals voted to permit a change of use of the above-named property from a single family dwelling to a single family dwelling with family day care facilities for twenty four children. The Board imposed the conditions, however, that (1) operating hours be limited to 7 a.m. to 6 p.m., (2) a suitable fence to provide a visible barrier for the play area be built within a reasonable time frame and (3) that the amount of children be limited to twenty four instead of the twenty eight originally requested.

A copy of the Board's decision is enclosed.

Sincerely,

John - what do

Portland City Council  
389 Congress Street  
Portland, ME 04101

Dear Mayor Paulson and Members of the Council:

On February 23, 1995, we granted a conditional use appeal at 100 Florida Avenue to change the use of the property from a single family dwelling to a commercial "family day care facility" for 24 children. We granted the appeal despite our reservations about the adverse impact such a large day care facility will have on the residential character of the neighborhood, which is in the R-3 zone.

The reason we granted the appeal is that we felt constrained by the City's Land Use Ordinance. Under the Ordinance, "family day care facilities" are allowed conditional uses in the R-3 zone (and virtually every other residential zone in the City) -- with no limitation on the number of children such facilities may serve or on its hours of operation. (See Ordinance Sections 14-68(3)(b) (R-1); 14-78(3)(b) (R-2); 14-88(4)(c) (R-3); 14-103(3)(c) (R-4); 14-116(3)(c) (R-5); 14-128(2)(b) (R-5A); 14-137(3)(d) (R-6).) Although some have argued that the word "family" before the term "day care facility" was intended to mean that such facilities should be small, the Ordinance itself does not support this interpretation.<sup>1</sup>

As you know, under the Ordinance's conditional use provisions the Board of Appeals has no authority to deny a permitted conditional use unless (1) there are unique or distinctive characteristics or effects associated with the proposed conditional use, (2) there will be an adverse impact upon the health, safety, or welfare of the public or the surrounding area, and (3) such impact differs substantially from the impact which would normally occur from such a use in that zone. (Ordinance Section 14-474(c)(2).) We granted the Florida Street application because we did not hear evidence sufficient to convince us that the proposed 24-child day care would produce impacts of such a magnitude that they would adversely affect health, safety, or welfare in a way that would

<sup>1</sup> Use of the Ordinance's definition of a "family" would mean that the children would need to live in the facility and that the facility must be nonprofit. (Ordinance Section 14-47.)

differ substantially from any other day care facility allowed as a conditional use in the R-3 zone.

Because the Ordinance provides no support for a numerical cut-off (above which a day care causes unique adverse impacts in a particular zone), we have been unwilling to create an arbitrary number. The result is that larger and larger day care facilities are being allowed in seemingly incompatible residential neighborhoods. We fear that soon we may be faced with an application to locate a 50+ child day care in such a residential neighborhood. We do not believe it is our job, however, to legislate a numerical limit.

For this reason, we turn to you to impose such a limit. We believe the City needs limits on the number of children that can be served by residentially-located day care facilities as soon as possible. We propose simply adding numerical limits in the sections of the Ordinance that state that family day care facilities are allowed conditional uses. For example, you might state that family day care facilities for up to 12 children are allowed conditional uses in the R-1, R-2, and R-3 zones, family day care facilities for up to 24 children are allowed conditional uses in the R-4, R-5, and R-5A zones, and impose no limit in the R-6 zone. You might also impose limits in the IR-1 and IR-2 zones.

Thank you for your consideration of this request. We would be happy to discuss this issue with you in person; please let us know if you would like to arrange a meeting.

Sincerely,

John C. Knox
