CITY OF PORTLAND, MAINE  
DEPARTMENT OF BUILDING INSPECTION

July 30, 1957

Mr. Vincent J. Kennedy  
43 Berwick St.

Dear Mr. Kennedy,

With relation to permit applied for to demolish a building or portion of building at 43 Berwick St. it is unlawful to commence demolition work until a permit has been issued from this department.

Section 6 of the ordinance for rodent and vermin control provides: "It shall be unlawful to demolish any building or structure unless provision is made for rodent and vermin eradication. No permit for the demolition of a building or structure shall be issued by the Building Inspector until and unless provisions for rodent and vermin eradication have been carried out under supervision of a pest control operator registered with the Health Department.

The building permit for demolition cannot be issued until the provisions of this section have been satisfied. It is the obligation of owner or demolition contractor or both to take up with the Health Department the matter of complying with this section, being prepared to inform that department what registered pest control operator is to be employed.

Very truly yours,

*Waverly*

Inspector of Buildings

WMCD/H

Eradication of this building has been completed.

CITY OF PORTLAND, MAINE  
MEMORANDUM

TO: Carl P. Johnson, Chief of Fire Department  
FROM: Albert J. Sears, Inspector of Buildings  
SUBJECT: Abandoned tar or oil storage tank rear of 45 Berwick Street

DATE June 14, 1960

At the water's edge on property listed by the Assessors as leased by the Canadian National Railway Company there is an old tank from which tar appears to be leaking out onto the flats. It was apparently all covered with earth and asphalt covering at one time but much of this has been washed away. Where the tank is exposed it appears to be badly rusted. This matter was reported to this department for action but I don't believe we have any control over the situation. While it may not actually be a fire hazard, it is a mess and the leakage of the contents of the tank into the water of the Bay creates a bad condition. This matter is being called to your attention for whatever action you may be able to take concerning it.

Very truly yours,

Albert J. Sears  
Inspector of Buildings

Memorandum from Department of Building Inspection, Portland, Maine

AP- 43 Berwick St.

July 8, 1963

Mr. Vincent Kennedy  
43 Berwick Street  
Dear Mr. Kennedy:

Permit to enclose existing side and rear porch and to cut in 7 foot archway between kitchen and living room and other alterations as listed on application is being issued subject to our discussion as follows:

1. Six foot wide picture windows in exterior wall of enclosed porch will need to have a minimum of two 2x6 inch headers set on edge with jack studs under the ends.
2. The seven foot archway between kitchen and living room is to have either a 4x10 inch Douglas Fir header or two 2x12 inch hemlock members. This header to set on jack studs at each end.

Very truly yours,

Gerald E. Mayberry  
Deputy Building Inspection Director
