Dear Sir:

The permit for the above work is issued herewith. It is noted that a 6x8 girder is called for in application, but that no spacing of columns beneath it is shown. As noted in letter sent with the first permit issued under Standard Plan A, the use of a 6x3 girder requires four columns for its support instead of the three shown on the plan. This permit is issued on the basis that this will be done.

Very truly yours,
