Description:

Two small lots located in front of Island Ave., Long Island being used as parking lot. Two unregistered cars and 3 or 5 more cars parked there all the time. Two junk refrigerators unsecured. Fire in pile of junk lumber a week ago. Right of way being blocked.

NOTES:

Aug 1980 Talked with Mrs Barroughs & explain how difficult it was to prove that Mrs Justice was running a commercial parking lot - we needed evidence - no sign advertising - no phone book advertisement etc. Mrs Justice said they were friends that are welcome to use the yard as they had car wash & it was because they had no protection from there from vandals breaking windows of any shell car windows so the folks around the island look out for one another by letting folks of their choice park in their yards. She said she would chain the ice boxes or take the doors off. I left Mrs Barroughs with the agreement that if she can produce concrete evidence, signed receipts for payment to park on their property then we would consider taking the case to court if the evidence was sufficient etc.
