DEPARTMENT OF PLANNING & URBAN DEVELOPMENT

P. SAMUEL HOFFSES, CHIEF  
INSPECTION SERVICES DIVISION

Lot 8, Beach Ave.  
Long Island, Maine

Mr. David A Carey  
31472 Los Rios Street  
San Juan Capistrano, California  
92675

Dear Mr. Carey:

It appears that you would have to prove that your lot #8 on Beach Avenue is a lot of record in accordance with the Section 14-433 of the City Zoning Ordinance, and also that soils analysis report would indicate that a septic disposal system can be accommodated on the lot before a building permit can be granted. In the IR-1 Island Residence Zone, a lot must have 10,000 square feet of land area in order to be considered as a lot of record, and in addition the setback requirements shown in the Zoning Ordinance must be met.

Any lot of record as of July 15, 1985 and held under separate ownership from adjacent lots and meeting the applicable street frontage requirements of that time, may be considered a buildable lot in the IR-1 Zone, provided that the applicable yard dimensions can be met. No public water is available.

In any case, no building permit can be issued unless the Forms HHE-200 for soils analysis and septic disposal field can be first approved by the City Plumbing Inspector, Mr. Erno R. Goodwin, of this office.

Sincerely,

*Warren J. Turner*  
Warren J. Turner  
Administrative Assistant
