

END BEACH AVE. - LONG ISLAND  
96-C-34-35

Cplt 7/46 - End of Beach Ave., Long Island (Assessors Lot Nos. 96-C-34235)

June 28, 1965

Mr. L. Worrill Burke  
Long Island  
Fort Linn., Haiti

Dear Mr. Burke:

It has been reported to this department that you are starting construction on some kind of a structure at or near the above named location. The purpose of this letter is to inform you that a building permit from this department is required by the Building Code before work of such a nature is started.

With application for a permit, information to be filed over the counter at this office, will need to be information as to use, size, and construction of the structure, a plot plan showing distances from street and lot lines, so that a check can be made against Zoning Ordinance and Building Code requirements.

If you have started on this work as reported, it is necessary that work be stopped at once and not be resumed until a permit authorizing it has been issued, if that can be done under ordinance requirements. It is hoped that we may have your cooperation in this matter so that further action by this department may not become necessary.

Very truly yours,

Albert J. Sears  
Building Inspector, Director
