CITY OF PORTLAND, MAINE
MEMORANDUM

77-B-2
GARFIELD AVE.
LONG ISLAND

DATE: 8/27/84

TO: Sam Hoffses CBI
FROM: Arthur Addato CEO
SUBJECT: John Norton Property L-1

As a result of complaints, a meeting was held 8/21/84 with John Norton and myself at property above. The records show an outdated permit to construct a building for purpose as restaurant. Due to constant vandalism and destruction of building materials owner ceased operations. He stated that he would start to finish work when he was provided law enforcement protection. However, he said work was going to start again, with no specific date given. He said that he would send me a letter of intent in reference to barracks building and now defunct restaurant project. He also said he would be in for permits on both projects. Mr. Norton has put together drawings of work contemplated. Also stated that property containing old military barracks are under study right now to best utilize its present use. Where as when letter of intent is received will give us a general idea on where we go from here. I intend to meet again with John Norton again to re-establish our position in this matter.

TO: Joseph Gray, Jr., Director of Planning and Urban Development
FROM: George A. Flaherty, Director of Parks/Public Works
SUBJECT: Island Tour

Joe, when we inspected Long Is and, Councilor Casale called to my attention a dilapidated building located just off to the left of Ponce's Landing behind the City's waiting shelter. The building appeared to be derelict, abandoned, etc. Councilor Casale, asked why the City had not taken steps to demolish this structure.

Would you please have the appropriate member of your staff survey this building and advise the Councilor as to whether or not the City can demolish this structure.
