Continuation:

In regard to your application for permit to construct one story frame dwelling 8x16 at the above location, we have consulted with the Health Department in reference to your proposed method of sewage disposal utilizing existing outhouse presently located on the property. The sanitary facility does not meet with their approval. We recommend that you consult with them as to a satisfactory method of disposal.

We shall be unable to issue a building permit until we receive Health Department approval of the method of sewage disposal.

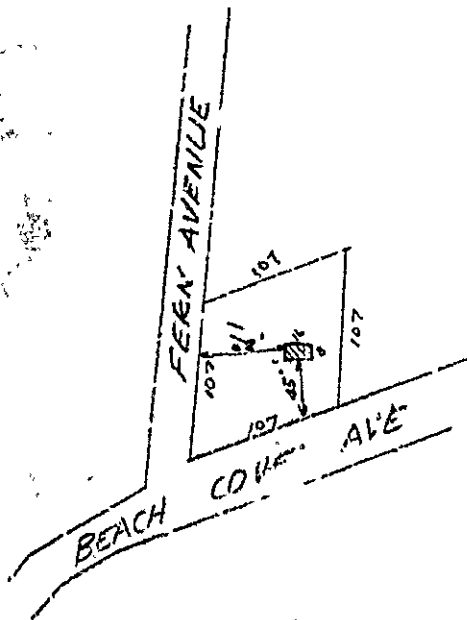

Very truly yours,
