

" OVERSET ISLAND "

November 5, 1976

"Overset Island"

Miss Faith Harrington
Marlboro College
Marlboro, Vt. 05344

Dear Miss Harrington:

Your letter of the 27th received and if it is your intention to build a small house or cabin on "Overset Island" it is necessary that you apply at this office for a building permit, and also have a "site" examination made so as to determine whether or not the island is suitable for a septic system.

If you care to visit this office any weekday between 8 A.M. and 5 P.M. we would be happy to discuss the proposed construction with you.

Very truly yours,

Earle S. Smith
Plan Examiner

To whom it may concern:

My parents own land in the Portland city district. It is the 7 acre island, "OVERSET", which is situated just off of Long Island in Portland. I am interested in building a small house (or cabin) on this island, however, I know nothing about the city zoning laws, or septic system requirements for the island. (There is nothing at all on the island now.) Could you please forward to me any information which you think is necessary for me to know about before I consider building?

Also, what are ~~the~~ daily hours that the town building is open to the public? I am considering taking a trip to Portland during Thanksgiving week & wonder if your offices will be open then.

Any information which you
send will be most helpful.

Sincerely,
Faith Harrington
