June 17, 1971

Mr. Winthrop Deane
Canal National Bank
188 Middle Street

Dear Mr. Deane:

It has come to the attention of this department that land owned by C.B.I.D.A. on the back side of Peaks Island, which was the old government forts have a number of open manholes throughout this area that could be dangerous to anyone walking in this vicinity. I also understand the City of Portland owns part of this government property and I have so notified Gerald Brewster, Deputy Director of Public Works so that he can take what steps are necessary to eliminate the hazard as far as the City of Portland is concerned. I have never seen any of these manholes in this area myself, but it might be possible to take the covers and have them welded in place by tacking them in a few spots.

I have sent this letter to you as I understand you as Treasurer is the one I should contact, and therefore have done so. If I can be of any help or give you any information please contact me.

Very truly yours,

A. Allan Sowa
Assistant Director
